Commodore Roger Brown
B.B.Y.R.A.

Dear Roger:

As you all know, for many years I have been interested in the provisional classes and aided them once they have been authorized.

In order to encourage them and keep up their enthusiasm, I wish to put up a perpetual trophy in memory of my father, J. A. deCamp, the deed of which would be as follows:

To be given to the B.B.Y.R.A. champion of the current year's provisional class.

1. In the event that there is more than one class, the one which fosters younger sailors would receive the trophy.
2. During the years when there are no new classes, the trophy is to be given to the youngest class, - in other words, the last class that was provisional.

This deed cannot be altered without the express approval of myself or either of my two sailing children, namely, William Jr. and Janet.

In the event we should lose interest, any changes after that should be authorized by the Board of the Mantoloking Yacht Club. It is my intention to continue to help these classes by also including a ~~small-keeper trophy for first, second, and third.~~

Also, please have the B.B.Y.R.A. seriously consider providing qualifying flags.

Yours truly,

William D. deCamp
